

REDDIRANI BATTULURI

Bangalore, Karnataka 560038
reddiranibattuluri@gmail.com / 8919830721

OBJECTIVE

- Frontend Developer with 2+ years of experience building scalable, high-performance web applications using React.js and Next.js. Skilled in translating UI/UX designs into reusable components, managing state with Redux optimizing performance, and integrating REST APIs to deliver clean and responsive user interfaces.

EXPERIENCE

Associate Software Developer / iQGateway - Bangalore, Karnataka

02/2024 - Current

- Built reusable and scalable frontend components using **React.js, Next.js, Redux and Rsuite** to improve **maintainability** and **development efficiency**.
- Implemented **WebSocket** based real time communication for data retrieval.
- Strengthened code readability by writing test suites using **Jest**, while resolving static analysis issues via **SonarQube**.
- **Modernized product dependencies** through strategic library upgrades, improving performance and developer tooling
- Resolved **850+ engineering issues and 200+ User Stories and Change Requests** tracked in Taiga, accelerating Product Quality and Production Releases.

PROJECTS

eKart

- Built a React-Spring Boot e-commerce platform with roles admin, merchant, and customer roles
- Implemented JWT and RBAC for secure, role-based session management, and backend endpoint protection
- Developed scalable REST APIs to handle real-time order tracking and complex multi-tier inventory CRUD
- Optimized frontend performance for rural users, ensuring a responsive React UI across low-bandwidth environme

SKILLS

- **Frontend:** React.js, Next.js, HTML5, CSS3, Responsive Design, Tailwind CSS, CSS Modules, JavaScript (ES6+)
- **State Management:** Context API, React Hooks, Redux
- **Backend:** RESTful APIs, Java, Spring Boot
- **Database:** MySQL
- **Tools:** Git, GitHub, NPM, Webpack/Vite

EDUCATION

Master of Computer Applications

Sri Venkateswara University - Tirupati

2023
